

Food Bank of Northeast Arkansas 2018 Annual Report

The mission of the Food Bank of Northeast Arkansas is to provide hunger relief to people in need by raising awareness, securing resources, and distributing food through a network of non-profit agencies and programs.

The Food Bank of Northeast Arkansas works to accomplish this mission by servicing 12 counties in Northeast Arkansas through 5 programs: 1) The Food Pantry Network, 2) The Backpack Program, 3) Senior Food Pantry Network, 4) Commodity Distributions, and 5) Fresh Produce Initiative. In 2018, the Food Bank distributed 5.7 million meals to individuals at-risk of hunger.

Through the **Food Pantry Network**, the Food Bank serves as a distribution center for more than 140 local partner agencies such as food pantries, soup kitchens, shelters, special care facilities, and senior citizen centers.

The **Backpack Program** serves children who are at-risk of hunger by providing them with a backpack full of child-friendly food each Friday during the school year. The Food Bank serves over 1,100 children in 40 schools.

The Food Bank partners with senior centers in 11 counties for the **Senior Food Pantry Network**. Senior citizens can receive a food box each month so that they do not have to make the choice between purchasing medicine and purchasing food.

Through the **Commodity Distribution Program**, the Food Bank works in conjunction with the USDA to distribute food boxes throughout Northeast Arkansas by using mobile food pantries.

Living in an agricultural state, many of us take for granted the access we have to Fresh Produce, but many of our neighbors can't always afford to choose healthy fruits and vegetables as part of their regular diet. In 2018 alone, the Food Bank provided families in need with more than 2 million pounds of fresh produce through the **Fresh Produce Initiative**.

We realize that our mission is dependent on the partnerships and donors that continue to support the Food Bank. Thank you for your support and passion.
