Food Bank of Northeast Arkansas Receives Grant from Arkansas Community Foundation of Greene County

Jonesboro, February 26, 2020: The Food Bank of Northeast Arkansas announced that a grant it received from the Arkansas Community Foundation, totaling \$1,500, is being used to distribute fresh produce in Greene County via two Fresh Produce Mobile Pantry distributions.

Living in an agricultural state, many of us take for granted the access we have to fresh produce, but many of our neighbors can't always afford to choose healthy fruits and vegetables as part of their regular diet. The Food Bank of Northeast Arkansas has made a commitment to provide fresh fruits and vegetables to families in need. The awarded grant made possible through the Arkansas Community Foundation of Greene County, an affiliate office of the Arkansas Community Foundation, Inc., enables the Food Bank to distribute 10,000 pounds of fresh produce to struggling families in Greene County.

According to Christie Jordan, CEO of the Food Bank of Northeast Arkansas, the number of people requesting emergency food assistance is still high.

“We are grateful for the support provided to the Food Bank of Northeast Arkansas by the Arkansas Community Foundation of Greene County,” said Jordan. “This grant will help our organization provide additional fresh, nutritious food resources to families who are facing hunger in Greene County.”

The Food Bank of Northeast Arkansas provides hunger relief to people in need by raising awareness, securing resources, and distributing food through a network of non-profit agencies and programs. The Food Bank of Northeast Arkansas provides the equivalent of 119,000 meals each week to individuals at risk of hunger in twelve counties. The Food Bank is a member of Feeding America and the Arkansas Hunger Relief Alliance, and because we work in collaboration, we can help provide 4 meals for every \$1 donated.
